

POST CARDS FOR CANBERRA

This year "World Post Day" falls on the 9th October 2018.

The LPO Network is encouraging our customers to help us send a message to Canberra to help ensure the viability of the LPO Network for our communities.

Licensee are inviting our customers to help us send a collective message to either the

Minsters of communications, Senator Fifield, or the Shadow Minister Michelle Rowland, whichever party supports your political ideals or send one to both for good measure.

We want to send post card from our suburbs/towns/regions with this simple message

‘this card was sent from an Australian owned Licensed Post Office- employing locals and supporting local businesses and we are worried about our future viability’

The salutation for Senator Fifield could read:

‘Do you care about the future viability of the LPO Network Senator Fifield?’

The salutation for Michele Rowland could read:

‘Senator Fifield doesn't seem to care, do you?’
